M.Arch- Regulation 21 (R 21)

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs) – FOUR PEOs

PEOs	PROGRAMME EDUCATIONAL OBJECTIVES
PEO 1	To provide students with additional knowledge and skills as a conservation architect/ research/ teacher
PEO 2	To enable students to add value to the process of architectural conservation by incorporating depth in already existing fields of study relevant to architectural conservation
PEO 3	To enable students to widen the scope of their professional abilities through additional fields of study that would enhance their knowledge in intellectual, creative, technical, social and environmental realms.
PEO 4	To enable students to take independent, informed and innovative decisions within the discipline of conservation architecture and contribute to larger society through their future career as a conservation architect, an academician or a research scholar.

PROGRAMME OUTCOMES (POs)- SIX POs

On successful completion of the programme,

POs	PROGRAMME OUTCOMES
PO 1	An ability to independently carry out research/investigation and development work to solve practical problems
PO 2	An ability to write and present a substantial technical report/document.
PO 3	Students should be able to demonstrate a degree of mastery over the area as per the specialization of the program. The mastery should be at a level higher than the requirements in the appropriate bachelor program

Dr. Raneer Vedamuthu
Director
Md.Sathak A.J. Academy of Architecture
Egattur, Chennai - 603 103.

MOHAMED SATHAK A.J. ACADEMY OF ARCHITECTURE

PO 4	Graduates will demonstrate an all-round skill in design and research in architectural conservation and contribute successfully further to society through their design, or research or teaching.
PO 5	Graduates will be able to identify additional parameters/ issues within the context of architectural conservation and resolve them using technical expertise in a holistic manner using conservation-based design and execution.
PO 6	Graduates will be able to resolve issues relating to conservation with due consideration to historical and environmental issues using cutting edge methods and approaches in resolution of conservation related issues.

PROGRAM SPECIFIC OUTCOMES (PSOs)

M.Arch - R21

PSO 1- Independently or as a team to address issues, related to tangible and intangible heritage.

PSO 2- Knowledge of Conservation philosophy and management. Practice with conservation related ethics and problem solving skills.

PSO 3- Understanding the science and technology of building materials and construction techniques, innovative techniques for structural stabilisation, retrofitting maintenance and up gradation of historic structures at all scales from international to national and local level heritage buildings.
